**MVP-Round Louver**  
Code No. MVP-R  
Overall dimension 35-3/8"  
Louver dimension 23-1/4"

**MVP-Half round Louver**  
Code No. MVP-HR  
41-1/2" wide  
27-3/4" high  
4" projection

**Width and height dimensions do not include Keystones.**

This Photo shows RL30 louvers, flat panels, flat trim boards on corners, and MCR031 under roof edge.

Permalife Louver Vents can bring beauty as well as function to your gables. They are made of high density urethane for years of maintenance free enjoyment. They can be supplied as “open with screen” for functional attic ventilation with a screen to keep bugs and critters out or “closed” to be used simply for decorative purposes. In addition to the many louver vents you see in this section, we also regularly build custom louvers to our customers specifications. Please call for more information and see our custom gallery sections for examples

QRLR30C	QRLR30O	30"	30-3/4"	2"

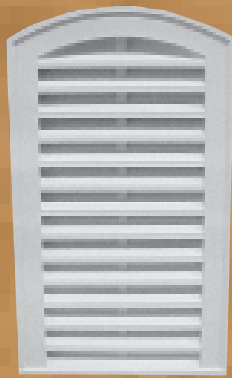

### Siding

Many of our products can be factory routed to receive siding. This allows for siding to be tucked in behind the trim for a nicer appearance. This does not provide a "J" channel type flange. Proper flashing for weathertightness is the responsibility of the installer.
